

LifeWave Named Among the Fastest Growing Companies in the US!

August 27th 2010

We are honoured to announce that Inc. Magazine has ranked LifeWave No.1435 on its fourth annual Inc.5000 list, an exclusive ranking of the fastest-growing private companies in the United States! This prestigious distinction is indicative of our explosive growth. It is important to note that we not only made the list, but **moved up a whopping 3,380 spots from 2009**, when we ranked No. 4825 based on revenue growth!

"We are extremely proud to again be included on the Inc. 5000 list," said David Schmidt, LifeWave Founder and CEO. "Moving up on the Inc. 5000 list, in such a dramatic fashion, is a real testament to the entrepreneurial spirit and dedication shown by our worldwide network of distributors."

Inc. Magazine's annual ranking of fastest growing companies is a well-recognized and comprehensive listing of rapidly developing private companies in the United States. Inc. uses a standard set of criteria for determining ranking on the list:

- The company must show four full years of calendar sales.
- The company must be privately held, for profit, and independent (not subsidiaries or a division of another company).
- By the end of its first year, the company must have reported at least \$200,000 in revenue; by the end of the fourth year, it must have reported at least 2 million in revenue.
- Each company profile is researched thoroughly by Inc. and includes interviews with the CEOs of almost every company on the list.

This is a distinction that distinguishes us to clients, prospects and the rest of our industry. It's an honour that we should all be proud of, and it was made possible through your hard work, commitment and dedication!

Please take the time to celebrate and share this great news!

The complete Inc. 5000 list, along with a profile on LifeWave can be viewed by visiting <http://www.inc.com/inc5000/profile/lifewave>. The list is featured in the September issue of Inc. Magazine.
